G2 Partners Continues to Expand Service Breadth with Acquisition of Eagle Information Mapping

HOUSTON, TX - Monday, January 12, 2015 – G2 Partners, a strategic advisor to the energy industry, announced today the acquisition of Eagle Information Mapping, a leading provider of Geographic Information System solutions to both the midstream energy and petroleum industries. Eagle enhances G2's position as a leading supplier of integrated integrity services through the addition of a comprehensive suite of innovative software solutions and processes designed to improve reliability and safety.

"Eagle's resources and tools significantly enhance our ability to deliver integrated solutions for our client's most complex integrity challenges," said Vance Fairchild, CEO of G2 Partners. "Eagle's suite of software solutions and services, combined with G2's integrity engineering depth, allows us to deliver end-to-end solutions for managing integrity risks and assuring our clients' compliance with current and emerging regulatory requirements."

"G2's integrity engineering focus and pipeline industry experience is an excellent fit with our product and service offerings," said Tracy Thorleifson, Eagle's President. "Both organizations share an intense focus on strong client relationships and leverage deep industry experience to deliver high quality solutions to customers."

About G2 Partners
